

Why Sunlight Care?

Our People Are The Difference!

We Train Professionals

We are one of the few Home Care Companies approved by New Jersey's Board of Nursing to train and certify Home Health Aides.

Trustworthy

Our caregivers are certified, bonded and insured. They are all reference, abuse and background checked. All must undergo extensive drug and alcohol testing. Any failure disqualifies a candidate.

Punctual

Our proprietary time keeping system keeps us on time — we know when our aides arrive and leave. Our personal car requirement means our aides are always available for you and to transport you.

Right for You

During our free home assessment, we discuss your personality preferences, family routines, lifestyle, and service needs to make sure the right aide comes to help you. If not, we will find a better fit.

Here to Help

We realize how hard this is for you. We want to help you get back to living your life — regardless of your new normal.

Smart Start

Preplan Home Care for Peace of Mind in 2 Easy Steps!

Step 1 Schedule a Free In-Home Assessment

Call 732-994-0401 to schedule an in-home assessment by an experienced Sunlight Care staff member. This free assessment will help define the kind of care your loved one is likely to need in the future, along with estimated costs.

Step 2 Complete All Paperwork Ahead of Time

This step involves completing Sunlight Care's non-binding service agreement, paying the fully-refundable deposit and completing all administrative paperwork, ahead of time. By getting all the paperwork behind you, we'll be ready to start care services quickly when the time arrives.

Benefit – Be Prepared!

- Gives seniors & family peace of mind
- Have options when an “emergency” occurs
- Allows Sunlight Care to expedite start of care
- Gives you priority over new clients seeking care

Home Care

In your home or facility

Available 24/7/365

732-994-0401

Serving Central & South Jersey

with offices in

Manchester and Moorestown

www.sunlightcare.com

Sunlight Care Provides a wide variety of services customized to your needs from 1 to 24 hours a day, overnights, or live-ins in your home or in a facility.

Companionship Services

When you are looking for some friendly company and a little help around the house. We will help you get to the store, doctor appointments, family gatherings and fun activities. We will also just visit, watch movies, play games or reminisce about the good old days.

Personal Care Services

When you need more personal “hands on” assistance, our Certified Home Health Aides can:

- Bathe
- Dress
- Groom
- Assist with toileting
- Prepare and serve meals
- Assist with safely moving and positioning
- Assist with safely walking or exercises

**Call 732-994-0401
for a Free Assessment**

**Family
Owned**

**Available
24/7/365**

Homemaker Services

When you need to have meals prepared, laundry done, errands run, and light housekeeping. Everyone works better when the house is neat and clean.

Dementia Care/ Alzheimer's Care

Our Dementia Trained caregivers have experience with the unique challenges associated with this condition.

**We will help you plan a complete solution
for your loved one's support and safety.**

Nurse Advocate Services

These services are all performed by a nurse and are recommended for families who are not able to be present during critical times. Our nurses can coordinate care and keep the communication flowing.

Veteran Administration Provider

Sunlight Care is a Veteran's Administration (VA) approved Provider of Home Care services to Home Bound Veterans. In this program:

- The VA pays Sunlight Care directly
- There is no cost to the Veteran
- The Veteran typically receives two hours of care 2-7 days per week
- In addition, some Veterans qualify for 6-hour Respite Care visits, 30 visits per year. Respite Care allows family caregivers a much needed break from care.
