

Why Sunlight Care?

Our People Are The Difference!

We Train Professionals

We are one of the few Home Care Companies approved by New Jersey's Board of Nursing to train and certify Home Health Aides. (www.njchhatraining.com) We hire our best students as employees.

Trustworthy

Our caregivers are licensed, bonded and insured. They are all reference and background checked and must undergo drug testing.

Punctual

Our proprietary time keeping system keeps us on time — we know when our aides arrive and leave.

Right for You

During our assessment, we will discuss your care needs and routines to make sure the right aide comes to help you. If not, we will find a better fit.

Here to Help

We realize how hard this is for clients and their families. We want to help you get back to living your life — regardless of your new normal.

Smart Start

Preplan Home Care for Peace of Mind in 2 Easy Steps!

Step 1 Schedule an In-Home Assessment

Call 856-780-4000 to schedule an in-home assessment by an experienced Sunlight Care staff member. This assessment will help define the kind of care your loved one is likely to need, along with estimated costs.

Step 2 Complete All Paperwork Ahead of Time

This step involves completing Sunlight Care's non-binding service agreement, paying the refundable deposit and completing all administrative paperwork, ahead of time. By getting all the paperwork behind you, we'll be ready to start care services quickly when the time arrives.

Benefit – Be Prepared!

- Gives families peace of mind
- Have options when an "emergency" occurs
- Allows Sunlight Care to expedite start of care

RATED ONE OF THE BEST

Sunlight Care...

From 2 to 24 hours, we provide a wide variety of services customized to your needs, including overnights or live-ins in your home or a facility.

Homemaking & Companionship Services

We can provide help around the house, like meal preparation, laundry and light housekeeping. We can help you get to the store, doctor appointments and special occasions. Our companions provide socialization, playing games or reminiscing about the past.

Personal Care Services

When you need additional “hands on” assistance, our Certified Home Health Aides can also assist with:

- Bathing
- Grooming
- Dressing
- Toileting
- Safe transfers and positioning
- Preparing and serving meals
- Safe walking or exercises

*Family Owned
Available 24/7/365*

Nurse Advocate Services

These services, including medication box refills and advocacy, are all performed by a Registered Nurse and are available to families who are not able to be present during critical times. Our nurses can coordinate care and keep communication flowing.

We accept Long Term Care Insurance

Dementia Care/ Alzheimer's Care

Our certified home health aids are trained in caring for the special needs and unique challenges of dementia and Alzheimer's clients, including keeping them safe in their homes.

Veteran's Administration Provider

Sunlight Care is an approved Veteran's Administration (VA) Provider of Home Care services to homebound Veterans.

In this program:

- There is no cost to the Veteran
- The VA pays Sunlight Care directly
- The Veteran typically receives 7 to 16 hours per week
- In addition, some Veterans may qualify for Respite Care visits. Respite Care allows family caregivers a much needed break from care.

**Call 856-780-4000
for an Assessment**

We are CHAP accredited and will help you plan a complete solution for your loved one's support and safety.
